[View Summit Agenda](#)

The Clinical Embryologists Summit Conference is an annual event designed to give participants an informal setting to share ideas and to interact with invited speakers and other clinical embryologists. Lively interaction among attendees is a critical element of the Summit Conference.

The primary focus of this year's Summit is to give an update on certain ART topics in our first in-person meeting following two years of COVID break.

[Register Today – Registration CLOSSES on Sunday, April 24 at 11:59PM](#)

Registration Fee: \$150

Includes dinner Friday night and breakfast and lunch on Saturday. Registration is limited to 100 people.

The Clinical Embryologists Summit (CES) Conference planning team has implemented a mandatory vaccination policy for all attendees to help prevent the spread of COVID-19 at the conference. All attendees will be required to show proof they have received their primary series of COVID-19 vaccines and a booster dose. The safety of all attendees is our top priority. We are closely monitoring CDC guidelines, UW-Madison guidelines, state and federal mandates and health safety measures put in place by the meeting venue. We appreciate your understanding as we continue to navigate the return of in-person meetings.

Conference Hotel

Hilton Madison Monona Terrace
9 East Wilson Street
Madison, WI 53703

Make reservations by calling Hilton reservations (800-445-8667) or calling the hotel directly (608-255-5100). Reference the **group code: CLINIC** when booking to receive the group rate.
